Investing in tomorrow.

By building capable, next-generation technology talent today.

Cisco's technology and career skills program is our largest social investment, based on our thought leadership in digital transformation.

FREE. Courses are free to nonprofit universities and vocational schools globally:

- consistent vendor-neutral curriculum
- closely aligned with emerging careers
- prepares students for global certifications

The Global Knowledge 2019 IT Skills & Salary Report says that IT compensation is the highest it's ever been. The average salary in Asia is $65,000 USD.

Workforce development and reskilling provide regional economic strength. WEF's Future of Jobs Report estimates that **54%** of all employees will require significant reskilling by 2022.

Students not only learn technology, they learn on a team, helping others, discovering strengths. - Engineer / Cisco instructor
